Hello John

Thanks for your email.

We do have a copy of the CD referred to. It is called "FoDRoW Evidence 25 September 2004". My colleague is working out the best way to send you the information and we will contact you again as soon as possible.

With regard to the user evidence forms, Dorset County Council (as it was then) undertook a consultation process inviting the public and various interested parties (including the TRF) to submit evidence in January 2006 and also in September 2009. The user evidence forms were submitted to us in Feb/Mar 2010 in response to these consultations and as part of our investigation. They cannot be considered to have been submitted as part of the application by the applicant, as the applicant at that time was still FoDRoW/ Jonathan Stuart. As you know, the TRF did not take over the application until 4 October 2010. We'll be in touch regarding the CD. Please let me know if you need anything else.

Kind regards

Dear Vanessa,  
**Re: (Bridleway 8 (part), Cheselbourne and Bridleway 18, Dewlish to be upgraded to Byways Open to All Traffic) DMMO 2020**

I am working through the matter of the interim decision for the above-named order and discovering that TRF does not have all the case documents. I would be grateful if Dorset County Council would assist in filling in the gaps.

Please would you clarify if Dorset County Council has the CD referred to in paragraph 10 of the interim order decision? If so, please would Dorset County Council send me a copy – preferably by fileshare? Paragraph 57 of the decision also refers to User Evidence Forms submitted to the Council in 2010. Please would you clarify if those forms were submitted in response to the Council inviting the public/TRF to submit evidence (perhaps as part of the investigation of the application)?

Kind regards

John
