Inscription Guide for Wall units (8" x 4" Tablets)

In order to ensure that an inscription will fit on to the granite tablet, please note the following information:

1. The name uses a larger typeface than the remainder of the inscription, therefore it may not exceed more than 15 letters including spaces, per line. This is indicated by the dotted line in the guide box. The name lines should be kept to the top two lines if possible.

2. The blocked out areas on line 3 (see below) indicate where the fixing holes will be placed. Do not write on these blocked out areas. The rest of this line is recommended for inserting dates.

3. The lower two lines (No. 4 & 5) can have up to 20 smaller letters including spaces.

4. **Do not forget to include the spaces in your inscription.** A space counts as a letter or a number.

5. We will centre the text on the tablet. The guide box below is meant to help you ensure your inscription fits on the tablet.

6. The inscription **must** be clearly written in BLOCK CAPITALS. We are unable to accept responsibility for any incorrect inscription due to illegible or ambiguous writing.

Please write in **BLOCK CAPITALS** and leave spaces between words.

A space counts as a letter or number. Blocked out areas show which spaces can NOT be used.
