A draft Weymouth Neighbourhood Plan will be drawn up and we have key questions to ask on some important themes. Please complete the survey and share it with five other people for their input. For supporting materials, including maps, visit <a href="https://www.weymouthtowncouncil.gov.uk/neighbourhood-plan/">https://www.weymouthtowncouncil.gov.uk/neighbourhood-plan/</a>

\* 1. **Environment theme** - do you support the following strategic objectives having influence on all aspects of the Weymouth Neighbourhood Plan?

	Yes	No	Don't know
All new developments should minimise the emissions of greenhouse gases and be as near to carbon neutral as possible?		0	
All new developments should include measures to conserve and enhance the biodiversity of the area			
All new developments should maximise the sustainable use of natural resources, the re-use and recycling of resources, and minimise energy consumption and waste			
All new developments should result in no increase in flood risk and provide adequate resilience to extreme weather events  Any other comments? (please	a snacify)		
Any other comments: (prease	э ѕреспу)
