

Statement of Reasons – 20mph limits

Dorset Council's vision is to improve road safety by reducing the number of road injuries and believe that by introducing new 20mph schemes it will contribute towards this vision.

To provide a safer environment for all as inappropriate speed limits make movement dangerous where people live, work and play.

To regulate or reduce the speed of vehicles to a level which mean more people feel comfortable to walk or cycle and it is safer for children to walk to school.
